## About Town

### And Country

By TIMOTHEUS T.

### English Students From HTHS Have Good College Records

THIS DEPARTMENT several days ago received a letter from Bernice Patterson, member of the Harrisburg Township high school faculty, which will be passed along to you. It carries an encouraging message and reads as follows:

"Dear Timotheus: Today, parents and taxpayers are greatly interested in the quality of work being done in the public schools. They hope that their sacrifices will eventually be rewarded by seeing their children do well as college students.

"We English teachers in Harrisburg Township high school feel that our last year's seniors have done good work in English and in Composition during their first term in Southern Illinois University. It is not always easy for boys and girls to adjust from the protecting care of home and high school to the individual responsibility which they face in college.

"Of our twenty-two students who are freshmen at SIU this year, almost 41 per cent have a B average in English, which, of course, includes some A's. Since SIU has an excellent English department with very high standards, we think our students acquitted themselves splendidly.

"You will recall, I believe, that a year ago the University of Illinois at Champaign compiled the grades of all their students for the past two decades. On the report sent to Mr. Henson there was a notation stating that Harrisburg Township high's average was higher than the average grade made by the entire student body.

"Because this community has always been loyal to the school and co-operative in its program, I am sure you and the community will be interested in knowing that our

## Will Receive Good Citizenship Awards From Michael Hillegas Chapter

Winners of the Daughters of the American Revolution citizenship awards have been announced and a pin and a certificate of award will be presented to each girl on Honor Day in their respective schools. The awards are made on the basis of choice by teachers and class members to the high school senior girl who stands highest in the qualifications following: Dependability based on a record of truthfulness, honesty and punctuality; service, shown by her cooperation, helpfulness and responsibility; leadership, displayed by her personality, self-control and initiative, and patriotism expressed by an unselfish loyalty to American ideals.

These girls and their mothers will be guests at the Michael Hillegas chapter meeting May 12, when they will be honored with a party. The chapter keeps a scrapbook record of all girls so chosen and follows their achievements through the years.

The girls are:  
Miss Christine Brown, daughter of Mr. and Mrs. Herman Brown, 521 Barnett street, Harrisburg, chosen from the senior class of HTHS, who has expressed her pride in the award and pleasure in the invitation to the May party. Chris is the co-editor of "The Purple Clarion," the school paper.

Miss Nina Davidson, Carrier Mills high school, who has achieved a high scholastic standing throughout her high school years, has been an officer in two of her classes, members of the student council, a member and officer of the Future Homemakers of America and served on the yearbook and school paper staffs. She has been a music enthusiast, having been a member of the band and attaining the ranks of sergeant and lieutenant.

## Dr. Blackard, Dr. Skelton to Lead Discussion at Historical Society

Reminiscing will be in order at the meeting of the Saline County Historical Society on Tuesday at 7:30 p. m. when Dr. Neva Skelton and Dr. W. J. Blackard engage in a round table discussion of the trials of the general practitioner. The meeting will be held in the club room of the Mitchell-Carnegie Library. A special invitation is extended to all county doctors and their wives.

Dr. Skelton and Dr. Blackard entered the profession after the time of the "Country Doctor" but both have been intimately associated with those who served humanity during that period. Dr. Skelton did his intern work under Arthur E. Hertzler M. D., author of "The Horse and Buggy Doctor." The author in his personal reminiscences of a Country Doctor recounted the ups and downs of over forty years of practice. The humor displayed in relating his story never diminished. Dr. Skelton was privileged to benefit by the knowledge of his man and hear him personally relate his amusing experiences.

Dr. Blackard was associated with his father, Dr. W. J. Blackard Sr., and obtained from him

and a member of the madrigal singing group.

Miss Margie Patterson, Galatia Community Unit, daughter of Mr. and Mrs. W. A. Patterson, RFD 3, Galatia, Jack Large, superintendent, representing the school, sent the letter confirming Miss Patterson's selection.

Miss Jean Borum, daughter of Mr. and Mrs. Harry Borum, Equality, was chosen from the Equality Township high school and Anthony France, principal, representing the students and teachers, wrote, "We picked her for the qualities of dependability, service, leadership and patriotism."

Miss Joyce LaNan Edwards, daughter of Mr. and Mrs. John A. Edwards, Cave-in-Rock, was the winner from the Cave-in-Rock Community high school and Delbert A. Waller, principal, wrote in the letter announcing her selection, "I would like to inject a personal opinion that it is quite likely that this (award) is even more meaningful and a great incentive to the girls in areas where social possibilities might be considered

## SVDA Contribution In Carrier Mills \$500

The omission of an "O" made a difference of \$450 in reporting the amount of money raised in Carrier Mills for the Saline Valley Development Association.

In Friday's edition of The Daily Register there was a news item and picture regarding the fine cooperation by Carrier Mills businesses and residents in the SVDA drive and it was incorrectly stated \$50 was raised. The total contributed was \$500.

## Tucker Named To Health Post At Carbondale

B. W. Tucker, executive director of the Kansas Council for Children and Youth since 1949, has accepted a position beginning March 19 with the Mental Health Service of the Illinois State Department of Public Welfare at Carbondale, Ill. Tucker, a native of Shawneetown, did newspaper work for the Gallatin Democrat and Harrisburg Register while a resident there.

In his new assignment Tucker will be responsible for mental health activities of an educational and community organization nature in southern Illinois. He will work with the mental hospitals at Alton and Anna, the southern Illinois University at Carbondale and various community groups throughout the region.

"This territory, of course, is a familiar one to me," Tucker said, "since I was born and grew up in Shawneetown only sixty miles from Carbondale where I later attended the University as a sophomore." He added that he had attended McKendree College at Lebanon, Ill., as a freshman, completing work in journalism and education for a baccalaureate degree at the University of Illinois, Urbana. He also received a master of social work degree at the University of Illinois.

He is a member of the board of directors of the National Council of State Committees for Children and Youth. He has held various posts with the Southwest Regional Conference of the Child Welfare League of America and was recently asked to accept nomination for election to the executive committee of the group. He is also a member of the Mountain States Regional Conference of the American Public Welfare Association.

## Record High Get Jobless Pay

WASHINGTON (AP)—Labor Department officials saw signs today that nearly five million Americans are out of work in the recession.

The department reported a record high of 3,130,200 persons were drawing unemployment insurance during the week ended Feb. 15. Experts said the insured total is usually about two-thirds of the total jobless figure, which reached 4,500,000 in January.

Administration officials have predicted that unemployment would begin to decline in mid-March. They said February should prove to be the peak month for joblessness.

The 3,130,200 figure reported Friday, represents the number of workers claiming unemployment benefits after being out of work a week or more.

The total was the highest since the unemployment insurance system started paying benefits. However, 43 million workers of the 67 million in the labor force are now covered by the program compared to only 19 million 20 years ago.

## Senate Passes Postal Rate, Pay Increase Bill

### Rayburn Predicts House May Knock Out 5-Cent Stamp

WASHINGTON (AP)—House Democratic leaders today predicted hard going for the administration-proposed five-cent stamp for out-of-town letters included in a postal rate increase bill passed by the Senate Friday.

Majority Leader John W. McCormack (Mass.) said he was "inclined to believe the five-cent stamp will have a tough time getting through the House." Speaker Sam Rayburn (Tex.) has forecast the House might knock out the nickel stamp and substitute the four-center it approved in a separate bill last session.

The Senate Friday night passed a 732 million dollar postal rate measure including — besides the five-cent stamp — a four-cent charge on local letters, a boost from six to eight cents in airmail rates, and additional hikes in second and third class rates.

Defying threats of a presidential veto, it tacked on a 320 million dollar-a-year pay raise for a half million postal employees — about twice as big a raise as the administration wanted.

Before adjourning it approved a separate bill providing 7 1/2 per cent across the board pay boosts for 950,000 other government white collar workers.

It appeared the Senate Rackets Committee might be a long time winding up its hearings on the Kohler Co. strike at Sheboygan, Wis.

Committee Counsel Robert F. Kennedy said it may be late next week before the committee hears from its two main witnesses — United Auto Workers (UAW) President Walter P. Reuther and company President Herbert Kohler.

When the hearings resume Monday, Kennedy said, they will question two UAW members about the 4-year strike. He wouldn't guarantee that either Reuther or Kohler would be called to the stand during the week.

## Death Takes Roy Dixon, 63, Mine Electrician

Roy Dixon, 63, a Delta mine electrician, who resided at 1123 Washington street, Harrisburg, died in the Harrisburg hospital this morning. He was born in Pope county in July 1894, the son of Thomas and Lydia Owen Dixon. He had been ill for about ten days. He was a member of Dorrisville IOOF lodge and a veteran of World War I.

Mr. Dixon is survived by his wife, Edith, and the following children: Mrs. Dorothy Jack, Seattle, Wash.; Mrs. Betty Vinyard, Lawrence, Kans.; Mrs. Doris Gibbons, Carbondale, Mrs. Wilmie DeNeal, Harrisburg, and five grandchildren. His brothers, Owen Dixon, Cleveland, Ohio, Ed Dixon, Fern dale, Wash., and Clarence Dixon, Harrisburg, and his sister, Mrs. Margie Alexander, also survive.

The body will lie in state in the chapel of the Harrisburg funeral home and funeral plans await the arrival of a daughter.

## Two Fined in County Court

Two Marble Hill, Mo., men yesterday paid fines in Saline county court as a result of an incident in Carrier Mills Thursday night.

They were Harold B. Myers and Billy Dean Bollinger, who have been operating a sawmill in Hardin county.

Myers was fined \$150 and costs for illegal transportation of liquor and Bollinger was fined \$50 and costs for public intoxication.

## Jordan Builds Canal

AMMAN, Jordan (AP)—The Jordan government announced today that \$2,800,000 in U. S. Economic Assistance funds have been earmarked for development of the East Ghor Canal.

## Tom Gram Retires from City Police Force; 25 Years in Law Enforcement

TOM GRAM

Tom Gram at 2 p. m. yesterday removed his Harrisburg city police force badge to end 25 years as a law-enforcement officer in Saline county.

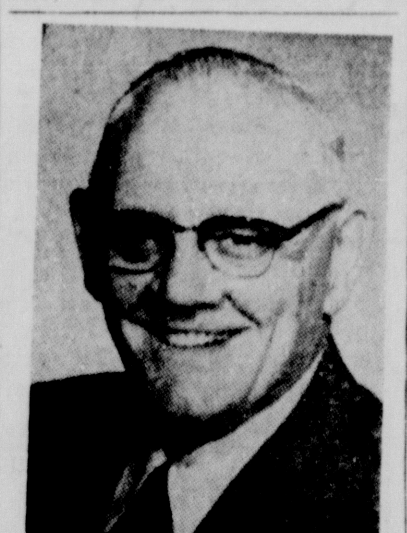

Mr. Gram, seen for years patrolling the uptown streets of Harrisburg, terminated his work on the police force at the end of February and now will enjoy a police pension.

Named to the force following the retirement of Glenn Schwartz, who will work the night shift, Mr. Schwartz has been appointed temporarily by Police Commissioner Charles R. Hine, subject to the confirmation of the police merit board which has not yet been formed from appointments by Mayor Claud Gibbons.

Chief of Police Ross Lane said that Schwartz, a Saline county native who is the son of Mr. and Mrs. Floyd Schwartz of Harrisburg Rt. 1, has met all requirements of an officer. The young officer has received police training at the police school at Champaign and has served on the Mt. Vernon, Ill., police force.

Mr. Schwartz, his wife and their two children live at 927 West Barnett street.

Officer Gram, a resident of Saline county all his life, began his law enforcement work with the Secretary of State, serving as automobile investigator for seven years until the fall of 1938 when he was elected sheriff of Saline county, a post he held four years. Feb. 1, 1944 he joined the Harrisburg police force and has been in this department since. He served as chief of police several times and during the past several years had preferred to be a day patrolman so he could spend more time with his wife, who has been ill.

Glenn Schwartz

Mr. Gram's retirement automatically makes him a trustee on the city's policeman's pension fund. This board now consists of two officers, Link Rann and Pat Atkinson, and two who are slated to be appointed by the mayor.

Chief Lane said that John Dunn would replace Mr. Gram as day patrolman, that Mr. Rann would move from night patrolman to the "swing shift" and that Officer Schwartz would take Mr. Rann's place on the night shift with Isham Threest. Other policemen are Pat Atkinson and Floyd Kimbro.

The police force honored Mr. Gram with a dinner last night at Nick's 45 restaurant. There they presented him with a billfold and belt, the billfold bearing gold letters which besides giving name and address said that he is a retired member of the Harrisburg Police Force.

## Place Four New Waste Containers On the Square

Street Commissioner Sneed Jordan yesterday placed four new waste containers on the Harrisburg square so that people will have a place to deposit their waste paper.

One is on each side of the square. Two were purchased by the city, two by the Harrisburg Lions club. Mr. Jordan said the city is making every effort to keep the uptown streets clean and urged public co-operation.

The Saline Valley Development Association joined in the drive to make and keep the city clean. The association urged all people to be conscious of the bad effects of littering the premises. They pointed out it is just about as easy to drop an empty cigarette package, a piece of wrapping paper, a sack or a soft drink paper cup in one of the containers as it is to drop them on the streets.

## Victims of Most Tragic School Bus Accident

### Tragedy Stuns Small Kentucky Community

PRESTONSBURG, Ky. (AP)—Divers go to the bottom of treacherous and swift Big Sandy River today to seek the bodies of 26 children and a bus driver, victims of the most tragic school bus accident in the nation's history.

The victims died when the bus, which carried high school and grade school pupils, plunged over a 50-foot cliff into the rain-swollen river after a collision with two other vehicles Friday morning.

Fourteen other children escaped through an emergency door before the swift current sucked the bus under water and carried it downstream for at least 50 feet.

It was likely bodies were swept out of the bus after it submerged. Gables lose three children.

Mr. and Mrs. James B. Goble lost their three children. Two other families were left childless. Seven families lost two children each. The small farming communities in this area were stunned by the tragedy. The village of Cow Creek, where about 100 families reside, lost 14 children.

Goble runs the community store in Cow Creek. His wife teaches 33 children in the village's grade school. They lost their three children, James E., 12, John Spencer, 11, and Anna Laura, 9.

Mr. Goble was teaching when Bill Darby, a neighbor, ran to the schoolhouse to tell her what had happened.

"I prayed that at least one of the three might be saved, but I knew in my heart I had lost all my children," she said.

Later, Darby learned he had lost his daughter, sister and niece in the accident.

Three divers sought to locate the bus on the rocky river bottom and attach cables to the vehicle. A raft was taken out and anchored for use of the divers and their equipment.

A powerful bulldozer was ready to pull the submerged vehicle to the shore when lines were attached.

Coast Guard Lt. John Mundy, in charge of the operation, estimated it would take at least seven hours.

The bus was located 10 hours after it dropped into the river. It lay in about 20 feet of water, 50 feet downstream from where it toppled into the stream. The river is about 100 feet wide at the spot. The current is 6 knots, about 8 miles per hour.

Bill Leedy, 12, of Sugar Loaf, Ky., opened the emergency door when the bus hit water and was the first to escape the death trap.

"I had a numb feeling when the bus went over the cliff," he said. "The first thing I thought of when the water came in was to open the back door. I jumped out and swam to shore. Then I went back and helped two boys out."

There were other heroes—Isaac Vanderpool, 17, Emma, Ky., and Claude Kendrick, 15, Buffalo, Ky., who were aboard the bus, and Donald Horn, driver of a tow-truck with which the bus collided before its plunge over the cliff.

Vanderpool got out of the emergency door, swam to the river bank and then returned to help others out of the bus. He got one girl out and helped her to the bank. He returned again to the bus.

"I saw a little girl's arm reaching through a window. I caught hold of her. But the bus submerged before I could get her out," he said.

Children Scream  
Kendrick said the children were "screaming and hollering" when the bus careened down the cliff.

## Plow-Planting Corn Not Always Best System

DIXON SPRINGS—Wet spring weather means that at least some tillage will be needed to keep weeds under control before corn is planted on fall-plowed land.  
George McKibben, extension specialist at the University of Illinois Dixon Springs Experiment Station, reports that weed growth cuts corn yields tremendously.  
Clover sod was winter-plowed at the station in December 1956. On May 1, 1957, corn was planted in this soil with conventional seedbed preparation and with no seedbed preparation.  
At planting time rye grass and weeds were already starting to grow on the plots. Normally corn under both planting methods would have been sprayed with 2.4-D as soon as all the crop had come up. However, wet weather delayed the spraying until the corn was about 10 inches tall, and more rain kept the researchers out of the fields until just before layby time, when they were able to cultivate once.  
Under these adverse conditions, plots with the conventional seedbed preparation produced a yield of 74.9 bushels of 15.5 percent moisture corn an acre compared with 60.8 bushels an acre on the plow-plant plots. Stand averaged 12,988 plants an acre on the conventional system plots and 14,414 plants an acre on the plow-plant plots.  
Early fall plowing on the clay soils of southern Illinois, for example, may be almost smooth by spring. In this case the furrows may be sealed over enough to let grass and weeds germinate in the entire field, McKibben points out.  
With no seedbed preparation weeds under these conditions will get a jump on the corn and provide over-competition during the growing season. In this case at least some tillage would be desirable to set back the weed and grass growth and give the corn an even chance. Pre-emergence spraying with Randox and spraying with 2,4-D after the corn has come up would further delay the weed and grass growth until the corn could be cultivated.  
One other problem that the Dixon Springs researchers found with the plow-plant system on winter-plowed ground was the difficulty they had in covering the corn kernels in the split left by the planter runners.  
Moose meat was almost the complete source of meat for those who cut the first pine of Minnesota.

## Notes from Farm Adviser

Those who attended the extension meetings during January and February have the information on soil treatment, adapted varieties, spraying to control grass and weeds in crops.

Pat Johnson's meeting was well attended and appreciated on February 11. Pat pointed out that plant food must be well balanced for best crop production. The first step is lime in soil treatment. Then potash the first year after lime is added will often pay more than phosphate, so don't neglect potash if it's low in the soil. Phosphate, lime, potash, legumes or nitrogen added in commercial form is necessary.  
Another big factor is organic material such as plowed down clover grass, straw or crop residues to add tilth and water holding capacity of the soil. Balanced plant food plus organic material is the ideal situation.  
The use of adapted varieties of crops is another factor the farmer should consider. The Clark soy bean is tops for this area at present. Hudson barley, Dubois winter oats, Vermilion, Knox, Dual and Seneca wheat varieties are best for southern Illinois. The corn hybrids are more difficult to recommend. It seems no company has the highest yielding corn every year. Most of them try to improve or go out of business.  
I do have a list of best hybrids for the past years, three and five year averages if you are interested in checking the results with me. No doubt you feel that you are getting good yields from the hybrid you are using or would change to some other.

**NITROGEN ON WHEAT**  
If you have checked your wheat field in the last ten days perhaps you have decided that an 80 pound sack of 33.3% ammonia nitrate or some liquid nitrogen might increase yields. In general, I think nitrogen will pay this year on wheat. This winter weather has been unfavorable for wheat—wet, cold and little snow cover. The top inch of soil will freeze dry. This may kill young grass seeded in the wheat. If you expect pasture after the wheat, Timothy should catch on wheat better than fescue or orchard grass. You have plenty of time to seed legumes on fall grain.  
Pat Johnson stated 20 to 25 pounds of actual nitrogen gave greatest returns per acre on wheat. This is about the amount in 80 pounds of ammonia nitrate.

The question has been asked, how long will lime last in the soil after applied. The answer is that a corn, soy bean, clover, or alfalfa crop will remove up to 500 pounds lime per year. This would figure that 3 tons of lime or 6000 pounds would be cropped out in 12 years. In 6 or 8 years the land may be again tested after the first application to see enough lime is present to grow clover.  
There is very little danger of farmers adding too much lime for best yields even though a ton or two per acre extra is added above what the test shows the minimum to be needed.  
Very few of us use too much lime, phosphate, potash or clover

to our land. Under fed crops react much the same way as live stock that fail to get what they need to eat—low quality (another way to say it is poor, unfinished, pitiful).

**EARLY PASTURE**  
I was asked by a dairy man what he could seed to get early pasture. The answer is oats, probably Missouri 205 variety. These may be pastured off. Grass and legumes may be seeded at the same time. The next question is when to seed them. Early March is the proper time for best results. Of course, this will depend upon soil conditions. Oats seeded in April or May are usually not worth the time, labor and effort.  
Oats if seeded in early March may be either pastured, combined for grain or mowed for hay. If cut for hay, oats should not be allowed to mature but cut while leaves are green and seed in dough or milk stage, about one week before maturity.  
If a farmer must wait until May to seed emergency pasture, possibly a mixture of piper or sweet sudan grass and Kingway or Virginia soy beans would give the most forage. These are warm weather crops and cannot be seeded as early as oats.  
Ideal conditions for seeding spring oats in Southern Illinois is seldom possible as spring rains usually keep the farmer from planting at the proper time. Winter oats have about taken the place of spring oats.  
If a good crop of oats can be produced, however, early feed for lambs, cattle, hogs and poultry will be available before corn is mature.

**Alfalfa Ray Doing Best Job**  
Ewes on alfalfa hay are doing a better job of raising their lambs than are ewes on Korea lespedeza, mixed clover or Sericea hay. This, incidentally, reports as he comes in is what Jack Lewis, assistant superintendent, reports as he comes

## This Week at DIXON SPRINGS University of Illinois Experiment Station

(A round-up of the week's work, activities, and observations at the University of Illinois Dixon Springs Experiment Station near Robbs in southern Illinois, prepared by H. A. Cate)

Spring is late this year in southern Illinois. Not only is spring late... but winter is unmerciful and unrelenting. Day after day of sub-zero temperatures make man wish for time to warm his feet by the fire. But cows are calving and ewes are lambing. So there is no time on the Station for foot-warming.

Oakley Robinson, cattle herdsman, reports some 60 new calves on the ground as of February 18. The cows are calving outside, but the calves are frisky and healthy. Aside from some frozen ears, they are doing well. We have long questioned the need for shelter at calving time provided cows are in good flesh and on a ration that will provide high milk production. The ration for these cows has been corn silage and hay or alfalfa silage and hay.

**Other Work this Winter**  
George Cmarik, cattle researcher, has little time for foot-warming, as he is busy with a steer-fat tening experiment in which he is testing various protein supplements. The protein supplements that are being tested separately and in combination are cottonseed oil meal, linseed oil meal and soybean oil meal. The steers in the test are long yearlings weighing about 1,000 pounds after 2½ months on feed. George is self-feeding a complete ground and mixed ration made up of approximately 70% ear corn, 20% ground hay and 10% protein. Gains have been exceptionally good, ranging from over 3½ to 4¼ pounds per head per day. Gains jumped especially after phenothiazine drenching for worms and spraying for lice.

**Silage Feeding Trial**  
A steer-feeding trial using ear corn silage, sorghum head silage, corn silage and grain sorghum silage is also under way during this frosty weather. The ear corn silage and sorghum head silages were made last fall from immature crops and stored in concrete trench silos covered and sealed with plastic and sawdust. Cmarik reports that consumption of the ear corn and sorghum head silage is about 30 pounds per steer per day.

**Grub Count**  
"Doc" Mansfield, Station veterinarian, is busy with cattle grub counts to determine how effectively the organic phosphates given internally last summer controlled grubs.  
He is also busy with a study to compare the effects of phenothiazine, flavored phenothiazine and Kamala for controlling internal parasites in sheep. Doc's observations in the past have been that internal parasites have been a winter as well as a summer pasture problem.  
**Alfalfa Ray Doing Best Job**  
Ewes on alfalfa hay are doing a better job of raising their lambs than are ewes on Korea lespedeza, mixed clover or Sericea hay. This, incidentally, reports as he comes in is what Jack Lewis, assistant superintendent, reports as he comes

AT THE GRAND—Sophia Loren clings to John Wayne in lost city of Sahara in "Legend of the Lost," in Technicolor, to show at the Grand theatre Sunday, Monday and Tuesday.

## Strong Corn Roots Go Deep for Water

Whether or not your corn crop gets all the water it needs can depend on how well you fertilize the soil.  
for plant food and water. Crop roots can readily push down for moisture and nutrients."

That was the statement of the Middle West Soil Improvement Committee. In citing reports by Midwestern agronomists.

Well fertilized corn develops strong extensive root systems that can drill down into the soil for water. But corn grown on soil that lacks needed nutrients can not develop a sufficient root system to reach moisture in the sub soil.

Top corn yields come when you team up a sound fertilization program with a loose, mellow soil that has good moisture-holding capacity, according to the committee.

"Farmers can put their soils in top shape by growing well fertilized crops that will add organic matter to the soil," says the committee. "Among good sources of organic matter are corn stalks, straw and other crop residues and legumes and grasses."

"When this organic matter rots it opens and mellow the soil. It makes the soil a better storehouse

## State May Profit in Recovery of Funds In Hodge Scandal

CHICAGO (UP)—The state stands to realize a small profit through recovery of the \$1,571,364.69 involved in the Orville E. Hodge scandal, Atty. Gen. Latham Castle has estimated.

Castle said Friday a tally he drew up showed \$44,515.59 in additional funds accruing to the state under a series of settlements stemming from the imprisoned former state auditor's embezzlements and misappropriations.

His estimate was coupled with an announcement that a \$425,000 settlement had been reached with the Southmoor Bank and Trust Co., Chicago. Hodge had used the bank to cash phony state warrants.

The state's top legal officer said that Lloyds of London, Southmoor's insurer, was involved in the settlement which he will ask the Circuit Court here to approve Monday. "I consider this settlement highly desirable and advantageous to the state," Castle said.

To date, the state has collected \$1,003,830.28 in recovery money lost through Hodge's manipulations.

## Speculate Subs Used to Destroy U. S. Missiles

NEWPORT, R. I. (UP)—The aircraft carrier Leyte and a destroyer escort squadron cruised western Atlantic waters today, searching for the source of "unidentified contacts"—possibly foreign submarines.

Though the Navy here refused comment on the submarine possibility, a spokesman at the Jacksonville Naval Air Base admitted that a hunt was on to check a reported contact with an unidentified submarine in the Atlantic.

A Florida newspaper, the Jacksonville Journal, said Friday it had "unconfirmed" reports that a Navy P2V Neptune patrol bomber operating from the base there had "made visual contact with a Russian sub during the recent anti-sub warfare exercise."

The report touched off speculation that radio signals from the submarines could have been used to cause the destruction of U. S. missiles launched from Cape Canaveral, Fla. Defense Department experts are said to believe that some missiles can be destroyed in air from submarines.

However, a Navy spokesman said "there is absolutely no official information to support this report. We don't know where the report came from and there are no flight logs to substantiate this information."

Officials at the Cape Canaveral missile test center said it was "very, very unlikely—almost impossible" for a radio signal from a submarine to cause a missile to blow up in flight.

## New Haven Community Farmer Dies

Paul Smith, 55, a farmer of the New Haven community, died at the St. Francis hospital in Indianapolis, Ind., Friday evening. He is survived by his wife Thelma. The body was returned to the Smith and Edwards funeral home in Ridge early today and will lie in state at the family home this evening. Funeral plans have not been completed.

## Simpson Man Dies

Edward Austin, 64, resident of Simpson, died in the Massac Memorial hospital at Metropolis, Thursday afternoon. He is survived by his wife, Lottie. Funeral services will be held at 1 p. m. Sunday at the Buchanan funeral home in Golconda with Rev. Elbert Elean officiating and burial will be in the Mt. Zion cemetery.

## LITTLE LIZ

So many people would rather be right than be pleasant. \*NEAR\*

## Divers Seek Bodies Of 26 School Children

(Continued From Page One)

"I knew the only way out was through the back door and I climbed over several seats to get to it," he said. "I think everyone in front of me got out, but I don't know for sure."

"After I swam ashore, I heard others hollering for help and I went back and got two of them—Janice Blackburn and Lounais Jarvis—but my two buddies are still in there."

Horn made his way down the cliffside after the collision and helped several children crawl out before the bus disappeared under the water.

## Death Cries "Pathetic"

He said the cries of the trapped children were "pathetic."

Horn said he was preparing to pull a pickup truck out of a ditch along Route 23, about three miles south of here, when he noticed the bus behind his wrecker. He said he signaled the bus driver he was going to pull off onto the right shoulder.

He had come almost to a halt, he said, when the bus collided with the back of the wrecker and the pickup truck, shot across the road and plunged over the cliff.

The bus driver, John Derossett, 22, described by school officials as "one of our best drivers," wrestled in vain with his steering wheel. Survivors said he made no effort to save himself after the plunge.

## DAR Selects Nine Outstanding Girls

(Continued From Page One)

a bit limited by way of comparison with more densely populated areas." He also stated that Elsie Kaegi, chosen as last year's winner, is attending SIU and making very good grades.

Miss Anita Davenport, winner in the Southeast Gallatin County's Shawnee Community unit, wrote a letter typifying the feelings of the girls chosen. She said, "I was very happy to receive your letter notifying me that I was chosen the D.A.R. winner from my school. I am very pleased with the honor. My mother is Mrs. Mary Davenport, P. O. Box 184, Shawneetown."

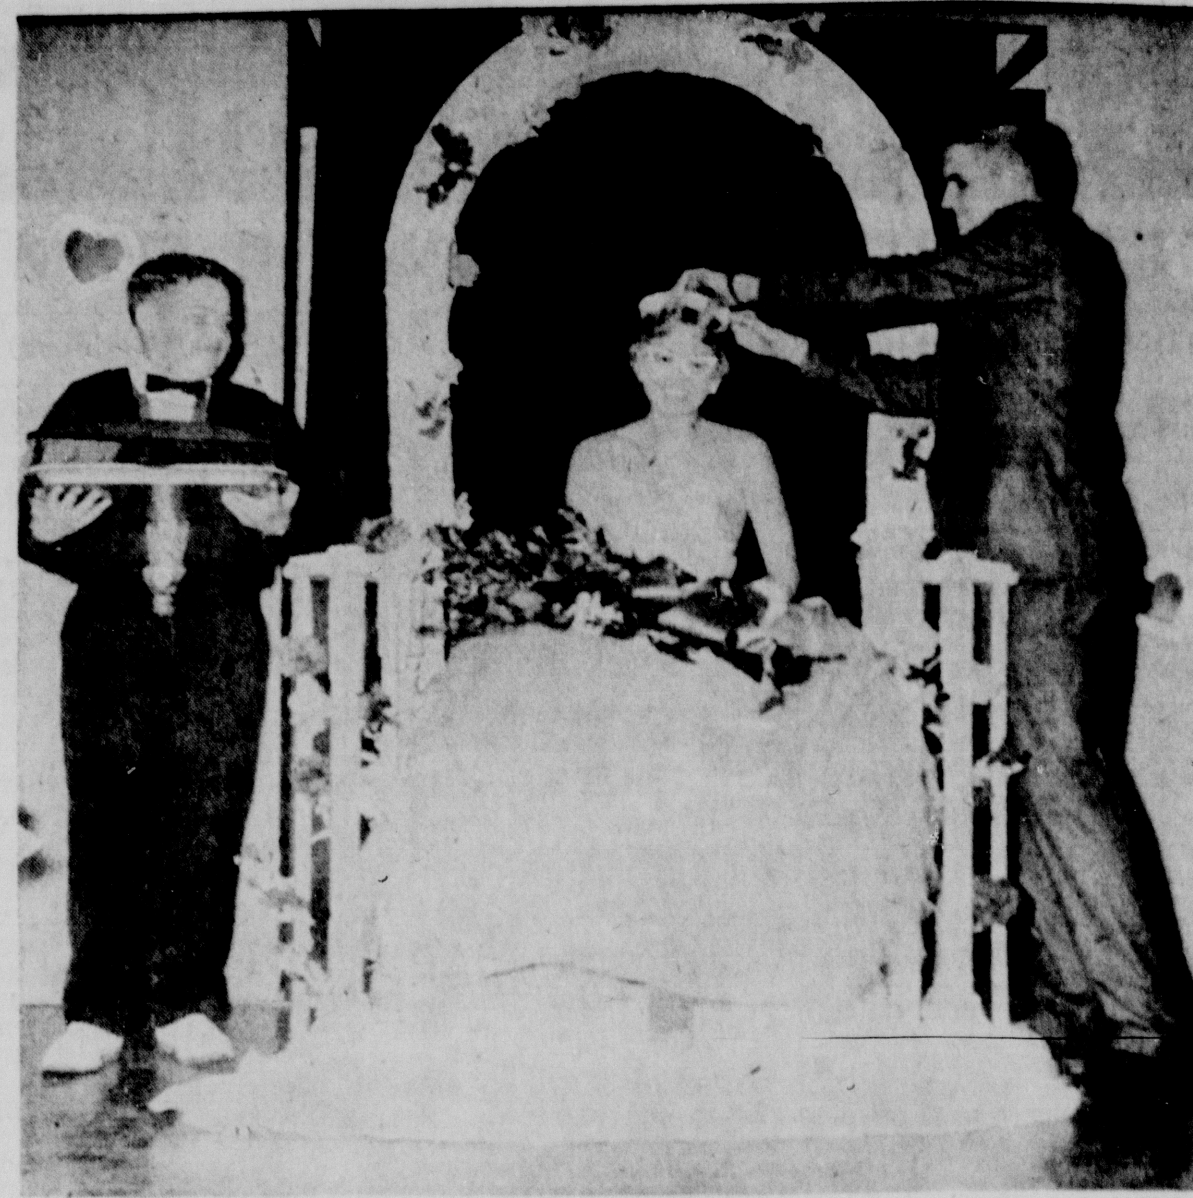

Miss Barbara J. Humm, daughter of Mr. and Mrs. B. H. Humm, chosen from the class at Rosiclar Community high school, has been on the honor roll each year, was student council member one term, secretary of her senior class and participated in school plays.

Miss Judy Clananan, daughter of Mr. and Mrs. Harold Clananan, Brownfield, was chosen from the Pope County Community high school. J. H. Hobbs, principal, thanked the D.A.R. for its interest in the young people of Pope county.

Miss Kay Karcher, Dahlgren RFD 2, was chosen from the McLeansboro Township high school and Roberta Osborn, class sponsor, wrote for the students and teachers announcing their choice.

## Developed Theory

Cybernetics is the science of control mechanisms. This theory, developed by Dr. Norbert Wiener, relates to communication and control in man and the machine.

MISS KAREN SKAGGS, HTHS Queen of Hearts. Highlight of the annual Queen of Hearts Ball at the Harrisburg Township high school recently was the crowning of the Queen, with eight girls—Jane Davis, Marilyn Day, Linda Woodruff, Carole Cable, Sue Lambert, Kay Dixon, June Stone and Karen Skaggs—candidates for the honor. Karen, daughter of Mr. and Mrs. Charles Skaggs, was crowned by Kinch Jones. At left is Jimmy Dillon, crown bearer. (Foster Studio Photo)

## Predict Probe Of FCC Will Lead To Resignations

WASHINGTON (UP)—Rep. Morgan M. Moulder (D-Mo.) predicted today a House investigation could lead to the resignations of both Federal Communications Commission Chairman John C. Doerfer and Commissioner Robert E. Lee.

Moulder said Doerfer and Lee were "subjected to the same thing" as FCC Commissioner Richard A. Mack—heavy pressure by friends and others interested in broadcast industry decisions.

Moulder, former chairman of the subcommittee on legislative over-

sight investigating the agency, is one of nine subcommittee members demanding Mack's resignation. Mack has denied accusations of being influenced by friends and financial interests in his official decisions.

But he said Friday after two days on the witness stand that he would "seriously consider" the demands to quit his \$20,000 a year post.

If Mack does resign, Moulder said, the subcommittee should not be "lulled" into abandoning the inquiry into the award of Miami's television Channel 10 to a subsidiary of National Airlines. He said Doerfer and Lee joined with Mack in voting for the "least qualified applicant" for the channel, the air-

line subsidiary Public Service Television Inc.

But subcommittee Chairman Oren Harris (D-Ark.) said "we're about through" with the Channel 10 case, although several witnesses would be heard next week.

## Marshall Man Faces Hearing on Robbery Charge

CAIRO, Ill. (UP)—Harold E. Fields faced a preliminary hearing Monday on an armed robbery charge stemming from the \$3,500 he'd held up at the nearby Thunderbird night club.

Fields, 41, Marshall, Ill., was charged after club patrons identified photographs of him. An ex-convict, he was arrested Thursday morning about five hours after the robbery, and originally charged with vagrancy.

Five bandits, one armed with a sub-machinegun, held club patrons captive for about two hours before escaping with their cash and jewelry and an undetermined sum from the club safe.

Meanwhile, Charles (Rocky) Rothschild, a former Cairo policeman, was questioned at Paducah, Ky., today about the robbery.

Rothschild was picked up for speeding at Paducah Thursday and was placed in jail when authorities learned he was wanted on burglary charges in Georgia and South Carolina.

## North Korea Ready To Turn Over Two American Pilots

TOKYO (UP)—Communist North Korea announced tonight it is ready to hand over the two American pilots of a hijacked South Korean airliner and its two West German passengers in Panmunjom or any other spot designated by the U. S. and German governments.

The announcement by the North Korean Foreign Ministry was broadcast by Pyongyang Radio and monitored in Tokyo.

## Fire Damage in Dorris Heights Home

A fire run was made to the George Riley home in Dorris Heights at 7:10 last night where damage was confined to an upholstered chair and a small scorched place on the wall, Fire Chief L. G. Martin said today.

Martin said the chair was believed to have caught fire from a cigarette spark. The Rileys had been gone for about an hour and a half, he said, and when they returned home the house was full of smoke.

Some relics show the mastiff breed of dogs was flourishing as early as 300 B. C.

## Social and Personal Items

### His Disciples Class Meets For February Social

His Disciples class of the Dorrisville Social Brethren Sunday school met in the home of Mrs. Helen Stump for its February social recently. Mrs. Pearl Aldridge opened the meeting with prayer and Mrs. Pauline Durfee read from John for the devotional scripture. Galatians 1 and 2 were read and discussed also. Mrs. Virginia VanBibber closed the meeting with prayer.

The March meeting will be held in the home of Mrs. VanBibber, it was announced.

There were games and refreshments of Valentine cake hearts, lemonade and soft drinks and the following were present: Mrs. Pauline Durfee, Mrs. Gladys Austin, Mrs. Lucille Pankey, Mrs. Blanche Herrod, Mrs. Mabel Stricklin, Mrs. Audrey Reed and Jane Ellen, Mrs. Sarah Fox, Mrs. Thelma Killman, Mrs. VanBibber, Mrs. Cordelia York, Mrs. Helen Stump, Judy and Pam Stump and a visitor, Mrs. Pearl Aldridge.

Dr. and Mrs. E. M. Travelstead have returned from Fort Lauderdale, Fla., where they spent two weeks' vacation.

## Calendar Of Meetings

The Rev. Archibald Mosley of Colp and members of his congregation will be in Harrisburg Sunday at 3 p. m. at the Bethel A.M.E. church. The Rev. C. H. Williams, pastor of the local church, invites friends and members to be present.

Arrow Lodge No. 386 I. O. O. F. will have a regular meeting Monday at 7 p. m. First degrees will be conferred. Members please note and be present. Visitors are welcome. Melvin O. Starnes, N. G.

Pride of Midway Rebekah lodge 234 will meet at 7:30 p. m. Monday. Mary Barger, N. G.

## Hospital Notes

### Harrisburg Hospital

Admitted: Mrs. Libby Moore, 523 West Raymond, Harrisburg.

Mrs. Hobart Beal, 1418 South Granger, Harrisburg.

Mrs. Everett Duncan, RFD 3, Harrisburg.

Robert Walker, 104 South Herbert, Harrisburg.

Rodney Mattingly, 827 West Barnett, Harrisburg.

Lewis Gibbs, RFD 3, Harrisburg.

## Births

Rev. and Mrs. Elmer Goolsby, RFD 3, Harrisburg, are parents of a girl born at the Harrisburg hospital Friday. The baby has been named Erma Jane and weighed six pounds, 10 ounces at birth.

## Russia Agrees To Meeting of Foreign Ministers

WASHINGTON (UP)—Russia has agreed to a foreign ministers meeting and U. S. officials said today "this is a hopeful sign" an East-West summit conference eventually can be arranged.

Their cautious comment was made as Soviet Ambassador Mikhail Meshikov told the United Press in an interview that it would be "easy" to work out arrangements for a summit conference once it was agreed that one should be held.

Russia's surprising reversal of its previous refusal to consider a meeting of foreign ministers before a summit conference was announced by the foreign minister in Paris.

Officials here said the "same general idea" was expressed by the Russians in a note handed to U. S. Ambassador Llewellyn E. Thompson Jr. in Moscow Friday.

They described the latest Soviet position as a "hopeful sign" and a "step forward" in East-West negotiations on the summit issue.

According to Paris, Moscow agreed to a prior foreign ministers meeting "limited to preparing the agenda and deciding on the participants" at the summit talks.

Mr. and Mrs. Everett Stricklin are expected home this week end from a two weeks' sojourn in Fort Lauderdale, Fla.

John W. Towle, in Barnes hospital, St. Louis, after suffering a heart attack, was reported today to still be in a critical condition but showing progress. No visitors are allowed in his room.

Grant, supt.  
Bible study 7 p. m. Wednesday  
Church services on the first and  
third Sundays and on Sunday eve  
nings at 7 p. m.

## You and your responsibility

At last this little bit of life is ready to become  
a part of your home. You are glad, and at the  
same time you feel a great responsibility.

Perhaps you already realize how much the  
Church can help you. From the day you stand  
before the minister and dedicate the little one  
to God, on through the various departments of  
Sunday School and young people's work, the  
Church is always ready to lend a hand. Its  
spiritual message strengthens you, its worship  
services enrich your life, its opportunities for  
leadership increase your ability.

In the Church you will find other fathers and  
mothers with problems similar to your own. You  
will find boys and girls, men and women, working  
together, and from these beginnings will grow  
a better home life, a better community, a better  
world.

Yes, this is a beginning. Start now to make  
your home a center of Christian activity...  
and make the Church your home!

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest fac  
tor on earth for the building of  
character and good citizenship. It  
is a storehouse of spiritual values.  
Without a strong Church, neither  
democracy nor civilization can  
survive. There are four sound  
reasons why every person should  
attend services regularly and sup  
port the Church. They are: (1) For  
his own sake. (2) For the sake of  
his children's sake. (3) For the sake  
of his community and nation. (4)  
For the sake of the Church itself,  
which needs his moral and mat  
terial support. Plan to go to  
church regularly and read your  
Bible daily.

Day	Book	Chapter	Verses
Sunday	Mark	10	13-16
Monday	Psalm	128	1-6
Tuesday	Proverbs	14	1-3
Wednesday	Proverbs	31	10-31

**Tips on  
Traffic  
Safety**

By  
CHARLES F. CARPENTIER  
Secretary of State

Motorists should remember  
their obligations to pedestrians.  
A pedestrian has little chance  
against a heavy motor vehicle if  
he is struck. A motorist must al-  
ways remember that he must safe-  
guard the fate of the pedestrian.

Always be on the alert for the  
pedestrian. When approaching in-  
tersections do not pass through  
without looking about for a pedes-  
trian who may be about to cross  
into your path against the signal.  
When in business districts always  
be alert for pedestrians who think  
their time is so valuable that they  
will cross in the middle of the  
block.

In residential sections, caution  
must always be exercised by the  
motorist who must be prepared to  
come to a quick stop to avoid hit-  
ting a youngster who might dash  
into the street from behind a  
parked car. And in these dis-  
tricts always remember that a  
bouncing ball in the street is a  
sure danger sign.

Credit Salesmanager

George "Bebber" Dalton is the new credit sales-  
manager at the Bowman Tire Mart on U. S. 45 in Har-  
risburg.

Mr. Dalton is the son of Mrs. Lewis Dalton and  
the late Lewis Dalton.

He was graduated in 1953 from the Harrisburg  
Township High school, where he played on the basket-  
ball and football teams, rating South Seven Champion-  
ship in basketball in 1953 and in football in 1952.

After two years in military service, he entered  
Southern Illinois University in 1956 and was a Physical  
Education Major for one and a half years there. He  
accepted his present position on Jan. 15, 1958.

His wife is the former Connie Beth Ingram and they  
live in Harrisburg. They are members of the First  
Baptist church.

Mr. Dalton cordially invites all his friends to see  
him at the Bowman Tire Mart.

The Legend of Sleepy Hollow  
presented on Shirley Temple's Storybook  
also starring John Ericson and Jules Munshin  
and Boris Karloff as your storyteller  
live in color and black-and-white

**Reckless**  
"Mad Anthony" Wayne, American general in the Revolutionary War, acquired his name because of his reckless courage. He was the hero of the recapture of Stony Point, one of the most daring attacks of the war.

Highest Ground Observer Corps post in America is at 14,110 feet, atop Pike's Peak in Colorado.

**ROCKET ENTHUSIASTS** as Southern Illinois University make up the newest campus organization and Club president Dick Rubino, standing left with a model of the Atlas ICBM he constructed, expects membership soon to be sufficient for a charter from the American Rocket Society. Seated, from left: Herbert Rominger, Mt. Vernon; James Jenkins, Mounds; Barbara Jane Berger, Carbondale; Linda Jennings, Herrin; William Greenwood, Olney; and Frederick Wilson, Mounds. Back row: Rubino; Roland Steibel, Red Bud; James Barrett, Woodstock; Lawrence Larson, Marion; Werner Mayer, Hempstead, N. Y.; William Cole, Harrisburg, and Robert Sibgroth, Dixon. (SIU Photo)

## Egyptian Health Dep't News

**MOBILE X-RAY UNIT**  
Are you afraid to get a chest X-ray? Every adult, 15 or over, is invited to go to the Mobile unit for a quick free chest X-ray. It won't cost you a cent; it will take but a moment of your time; you don't have to undress.

Did you know that there are 18 known active cases of TB not in a hospital in Saline county? Eight patients died the past year from TB in Saline county. There are 17 patients from Saline county in a Sanitarium at the present time. Tuberculosis spreads from person to person. It is not inherited; you aren't born with it. Tuberculosis causes more deaths than all other infectious diseases combined.

The unit will be in Saline county from Tuesday, March 4, to Saturday, March 8, inclusive, from 10 a. m. to 1 p. m. and from 2 p. m. to 5 p. m. each day. The unit will be located at the Harrisburg courthouse on all five days.

Have you put off getting your free chest X-ray because you are afraid? Anybody can understand this fear and sympathize with it. But look at the whole thing from the right angle, think of all the facts. Chances are 1,000 to 1 that your X-ray will be O.K.

If the X-ray shows you have tuberculosis in its early stages, it can be cured—with the least loss.

On the other hand, if you should happen to have TB now and not find it out, what will happen? You will go on living in a dream world for a few months, maybe a year or two. Then the disease may be so far advanced that it will take a long time to cure.

Which is better? To know the truth now and, if it is unwelcome, to cure the trouble in the least possible time from your work.

**Oily Medicine**  
North American Indians found oil seeping up through cracks in the earth and coming out on top of water in springs. They were using it for medicinal purposes when Jesuit missionaries came to North America early in the 1600s.

**Surnames First**  
In Chinese, surnames are always written first and that order usually is followed when they are written in English. For example, in Sun Yat-sen, Sun is the surname, while Yat-sen corresponds to the Occidental first, or Chinese, name.

## IN THE Service

Specialist 3-c Joseph W. Lowe, 21, whose wife, Connie, lives in Shawneetown, recently participated in "Sabre Hawk," a Seventh Army maneuver which involved more than 100,000 troops in Germany. Specialist Lowe, a bridge specialist in the 814th Engineer Company, entered the Army in October 1954 and arrived overseas the following March. His parents, Mr. and Mrs. William F. Lowe, live on RFD 1, Elizabethtown.

## Seaton Urges New Legislation to Protect Resources

ST. LOUIS —Secretary of the Interior Fred A. Seaton today called for new legislation to protect the nation's natural resources in the face of demands of "incredible intensity" on those resources.

At the same time he defended his decision to permit oil and gas leasing of federal wildlife lands.

Addressing delegates to the National Wildlife Federation here, he called for amendments to the fish and wildlife coordination act to "go beyond" the legal protection of fish and wildlife values.

# Looking at Sports

BY BILL MELTON

Opening night of the Eldorado regional basketball tournament offers direct contrasts—the first game might be the most one-sided of the meet and the next game easily could be the most interesting.

The tourney gets underway at 7 p. m. Tuesday with Carrier Mills vs. Shawneetown and everything points to an easy Carrier Mills victory.

To date the Wildcats have won 22 games and dropped one (play Metropolis this evening in schedule finale) and Shawneetown has a 3-20 record. In two meetings this season the 'Cats won by decisive scores, 65-41 on Nov. 15 and 82-28 on Dec. 14.

This will mark the second consecutive year Carrier Mills and Shawneetown have opened the regional tourney and the third year the schools have met during the meet.

In 1956 they played for the championship of the McLeansboro regional with Shawneetown the winner 91-70. At Norris City's opener last year CM was a 81-34 winner.

The Wildcats are led by Vern Rollins, on of southern Illinois'

best. In 21 games Rollins has scored 451 points for a 21-plus average and of equal value to the team is his great rebounding ability.

Others that probably will start are sophomores Bill Smith and Gary Taborn, guards, and senior Jack Keene and junior Carl Manier, forwards.

Taborn wasn't eligible until after the second semester, playing his first game in the Saline county tourney and giving the fans an eye-full, scoring 28 points. Monday of this week he hit his high with 30 at Anna. Smith has scored 233 for a 10 average, Keene 205 for an average of 9 per game and Manier has a 11 average.

Rann, Mitchell Randolph, Davis and VanHoy probably will complete the tourney squad.

Shawneetown's young outfit — eight sophomores and two juniors — has shown some improvement late in the season, winning three games since Christmas after dropping 16 in a row.

A couple of Jims—Brazier and Cox—are the leading scorers for the Indians.

Brazier, a 6-3 pivot man who missed early season games due to illness, has scored 236 points for an average of 12 per contet. Cox, a jumping-jack guard has average a shade more than 11 points.

Others expected to see early service and scoring averages include Pierson 7, Hunsaker 8, Awallt 5, Potter 3. Completing the tourney squad will be Wright, Ellis, Orman, Ellis.

In the second game of the opening night McLeansboro and Norris City will clash. The record favors McLeansboro, and the law of averages would seem to favor NC.

McLeansboro was the winner in two meetings, but by close margins, 59-55 and 60-58.

So the record says McLeansboro is the better ball club. But experience over the years has shown it is extremely difficult for one team to beat another three straight times when they are as evenly matched as these two appear to be.

McLeansboro will carry a 14-9 record into the regional, including an unbeaten Southern Illini conference season.

Of the teams in the regional only Carrier Mills has a win over the Foxes, and that a 68-66 squeaker.

The Foxes have beaten Eldorado and Norris City twice and Harrisburg once of the tourney entries.

Co-Captain Ned Tyler has been impressive against Saline county teams with top-notch outside shooting. Other starters are Co-Capt. Ronnie Sandusky, Curt Reed, Wendell Huffstutler and Jerry Sloan.

Norris City has a 15-10 record —against other regional tourney foes the Cardinals have dropped two to both McLeansboro and Carrier Mills, won two from Eldorado and also won a single encounter from Ridgway.

Rue Starr, who follows the Cardinals for the Norris City News, has furnished some interesting statistics — Norris City scored 1,605 points and allowed 1,391 during the season; individual scoring was led by Ron Hadcock, 5-10 senior guard, with 397; next in line were Richard Hamilton, 6-2 junior center, 355; Jim Greathouse, 5-8 junior guard, 337; Larry Dagley, 6-2 senior forward, 199; Carl DeBoard, 6-1 junior forward, 152.

Hamilton has led the rebounding department with 330, Dagley had 210 and DeBoard 208.

I will take Carrier Mills in the first game. No comment on the second—except that it should be a dandy.

## Merchants League

Team	W	L
Sunbeam Bread	62 1-2	29 1-2
Parker's Oil	52	40
City Coal Yard	52	40
Uzzles	51 1-2	40 1-2
Coca Cola	45	47
Williams Ins.	37 1-2	54 1-2
Dairy Brand	37 1-2	54 1-2
Sahara	30	62

High team series: City Coal Yard 2,793, Sunbeam Bread 2,791, Coca Cola 2,773.

High team game: City Coal Yard 975, Coca Cola 946, Sunbeam Bread 937.

High individual series: Wyatt 547, Smith 525, Upton 522.

High individual game: Geo. Miles 217, Joe Bishop 212, Jim Upton 200.

LOOKING AHEAD—Clem Labine of the Dodgers is a familiar spring training photo—in any pose. But the "LA" on his cap makes this one vastly different from previous pictures of the right-handed relief pitcher.

## Galatia Edges Zeigler, 68-65

Bearcats Close  
Regular Season  
With 13-11 Record

Galatia closed out its regular schedule Friday night by taking a 68-65 decision before home folks. The verdict gave the Bearcats a 13-11 record and Zeigler closed the schedule with 11 victories in 21 starts.

Weakness at the free throw line in the closing minutes of play almost got Galatia in trouble. With time running out and Galatia playing control ball Zeigler was forced to battle for the ball.

Numerous fouls were called against the visitors, but Galatia couldn't cash in at the free throw line. Zeigler was getting its share of the rebounds and hitting from the field to pull up close, but Galatia staved off the surge to win.

In the last half Galatia missed 14 of 21 free throw efforts and for the game hit ten and missed 19. Zeigler scored on 11 of 20 free tosses.

Galatia had a well-balanced attack, four hitting in twin figures —Odell had 23, Boyett 14, Davis 11 and Jones 10. Hill just missed joining the group with nine.

Zeigler's top scorer was Forester with 22 points.

Galatia plays the host school in the West Frankfort regional tourney Tuesday night. Zeigler also is assigned to the West Frankfort meet and paired with Johnston City in the first round.

Thursday night in church-sponsored basketball the Presbyterians won over Liberty Baptist 55-39 in a senior division game. Only one game was scheduled.

This completed the regular season's play, but a tournament for the church teams is being planned, with play scheduled to start soon.

## Fight Results

By United Press  
NEW YORK — Carlos Ortiz, 125 3-4, New York, outpointed Tommy Tibbs, 132, Boston (10).

The box score:	FG	FT	TP	PF
Galatia (68)	4	1	9	5
Hill	9	5	23	0
Odell	5	1	11	5
Davis	0	0	0	0
Thornberry	5	0	10	3
Jones	0	1	1	0
Martin	6	2	14	2
Boylett	—	—	—	—
Totals	29	10	68	15

Zeigler (65)	FG	FT	TP	PF
Farmer	0	0	0	0
Forester	9	4	22	1

## INTRODUCING ...

# Frankfort Belts Murphysboro, 83-57; 43 District Tourney Champs Crowned

By United Press  
Forty-three district champions were crowned and most larger schools got in their final tuneups Friday night in preparation for the start of state high school basketball regional play Monday.

Among the top 15 teams in the state, Rock Island was upset by Rock Island Alleman, Mattoon was overturned by Springfield, and Collinsville and Quincy Notre Dame had close calls in their regular season finales.

Reddick, Bureau Township, Freeburg, Carbondale Attucks, Hutsonville and Minier were among the favorites winning district titles.

West Frankfort's seventh-ranked Red Birds belted Murphysboro, 83-57, to finish with a 22-3 record.

Springfield Lanphier edged Decatur Mac Arthur, 48-46, for its 19th victory against three defeats, with one game still to play tonight.

Second-ranked Rock Falls finished with a sparkling 25-1 record by smashing Rochelle, 89-47.

Rock Island, rated fourth in the state on a 20-2 record, was spilled by Alleman, 54-51.

Collinsville squeaked by Quincy, 63-61, to finish 24-2 for the season.

Quincy ND Squeaks

Sixth-ranked Mattoon lost the Big 12 Conference title and its fourth game of the season to Springfield, 46-40.

Quincy Notre Dame, ranked fifth in the state with a 23-1 record, barely squeezed past little Warsaw, 60-59.

Among the ranked teams that found the going easier were Pekin, Maywood Proviso, Rock Falls, and West Frankfort.

Pekin stopped Streator, 56-49. Proviso finished with a 15-3 mark by whipping Niles, 45-29.

In the district tourneys, Bureau Township, which lost only four games all season, trounced Manlius, 57-42, for the title at De Pue.

Minier, with only three defeats on its record, took the Stanford crown with a 58-48 triumph over Danvers.

Favored Hutsonville won the laurels at Palestine by edging the host club, 60-59.

Freeburg won its own district crown with a 54-50 win over Waterloo.

Carbondale Attucks tripped Royalton, 71-66, to take the trophy at Elkhart.

Taylorville Takes Midstate

Reddick, another of the "Little Davids" with only three defeats this season, blasted Odell St. Paul 84-60, to take the title at Odell.

Other favorites winning in district play included Peotone, 55-51, over Manteno at Manteno, and Elgin St. Edward's, 61-50, over North Boone at Poplar Grove.

In other top non-tourney games, Taylorville won the Midstate Conference crown by stopping Vandalia, 62-43, and Galesburg clipped East Moline, 55-50.

Champaign trampled Lincoln, 61-31, Peoria Central mauled Bloomington, 70-36, and Peoria Manual ran away from Decatur in an overtime period to win, 65-54.

In the South Suburban conference, Kankakee ripped Blue Island 60-36, and Lockport edged Leyden, 56-53.

Alton defeated Wood River, 69-60, and Belleville beat Belleville Cathedral, 65-40.

## Nominate 140 For the Derby

LOUISVILLE, Ky. (AP)—Churchill Downs today announced the names of 140 three-year-old thoroughbreds nominated for the \$125,000 added Kentucky Derby on May 4.

The list includes just about every outstanding two-year-old of last year and all that have been prominent as three-year-olds in winter racing this year. Among them are Claiborne Farm's Nadir, the Calumet pair of Tim Tam and Kentucky Pride, Old Pueblo and stretch-running Silky Sullivan from California, and Mrs. Elizabeth Arden Graham's Jewel's Reward.

It cost the owners \$100 to nominate each candidate for America's best known horse race. It will cost an additional \$250 apiece to put their names in the entry box two days before the Derby, and \$1,250 more—or a total of \$1,600—if the horse gets to the starting gate Derby day.

Only about a dozen of the 140 nominees are apt to reach the post, the rest falling victim to racing luck or revealing a lack of ability in earlier races.

Those that made it will be running for \$125,000 plus the amount subscribed in nomination and entry fees. The winner is guaranteed \$100,000, a gold trophy, a blanket of roses, and racing immortality.

The second place horse will win \$25,000; third place \$12,500; and fourth place \$5,000.

## Miniature "Paint"

Certain paintings are called minatures because they were painted with minium, which is either native cinnabar or red lead. The paint, not the size, was responsible for the name.

CLOSES COLLEGE CAREER—Southern Illinois University senior Sammy Duane, 21, Galatia, will end his college cage career as Southern closes its 1957-58 season with a home game against Eastern Michigan at Carbondale tonight. A physical education major, Duane hopes to become a high school coach in the Southern Illinois area. (SIU Photo Service)

## Sammy Duane Hopes for Area Coaching Job

CARBONDALE, Ill.—After graduation, many Southern Illinois University high school and college students head elsewhere for jobs, but SIU basketball player Sammy Duane of Galatia is one who definitely wants to stay in the area.

Those watching Score get ready for the coming baseball season are certain that Dr. Thomas used the right word. It is unanimously agreed that Score will be ready to pitch the opening game against Kansas City in Cleveland Stadium.

"I'm sure I'll be ready if Bobby Bragan wants me to," says Score, who has been in training three weeks.

"I want him to," says Bragan, the new manager of the Tribe.

Score today weighs about 200 pounds, but it is solid muscle compared with the flabby form he put back into a uniform last September after months on convalescence from his almost blinding injury.

"Look, no pot belly," says Score, who won 20 games in 1956 and who is still a good bet to become one of the great pitchers of his era. "I was weak as a cat working out last September, and I'll admit I wasn't very confident."

Now, he is the picture of confidence as he does everything any pitcher does in spring training. His fast ball is as live as ever, his control seems as sharp, and his performance in the batting cage indicate his depth perception is back to normal.

Also a baseball star while in high school, Duane is attending Southern on a Normal School Scholarship.
